## Trust

100% Authentic, Guaranteed. At Stadium Goods we take authenticity very seriously. Our team of experts puts every item through a 10-point verification system to ensure its legitimacy. You can be confident that all Stadium Goods merchandise is authentic, guaranteed.

## Verification

We've created a proprietary 10-point verification system to ensure that all items are authentic, while also examining the wear and condition. All products are checked multiple times against a cache of product images, live product, and information to ensure validity of goods coming in. Items are hand checked a second time on the way out, and tagged by our diligent staff.

## Bad Actors

Stadium Goods will review any claims about authenticity, so feel free to reach out. Customer service, rich consumer experience, is our top priority, so buyers can feel secure when shopping with us. For this reason, anyone who sends in goods that are deemed not authentic will be barred from transacting with us, forever. Moreso, if your submissions of these goods is deemed malicious, we will bring it to the attention of the authorities.
